

Toulouse France
12-16 November 2012

International Conference on Ensemble Methods in Geophysical Sciences

This is the Second Announcement and Call for Abstracts for the International Conference on Ensemble Methods in Geophysical Sciences, to be held in Toulouse, France, from 12 to 16 November 2012, under the sponsorship of Météo-France, the World Meteorological Organization (WMO) and the French Agence Nationale de la Recherche.

We call for papers bearing on all aspects of ensemble methods for state estimation (and in particular assimilation of observations) in Meteorology and Geophysics, and more generally in all of Geophysical Sciences.

Abstracts are to be submitted on the Website of the Conference, on which additional information on the scope of the Conference is available

<http://www.meteo.fr/cic/meetings/2012/ensemble.conference/index.html>

The deadline for submission of abstracts is 20 June next, 24:00 (UTC +2).

First authors will be notified as to the acceptance and form of presentation of their papers by 10 July next.

Information relative to registration will be posted on the Conference site in a near future.

On behalf of the Organizing Committee

Olivier Talagrand
